Managing Director
Canberra Airport
2 Brindabella Circuit
Brindabella Business Park ACT 2609

Attention: Mr Stephen Byron

Dear Sir

**CANBERRA AIRPORT
MASTER PLAN – PRELIMINARY DRAFT 2009**

Thank you for giving us the opportunity to review the Canberra Airport Master Plan – Preliminary Draft February 2009. We congratulate you on preparing such a comprehensive and detailed document.

The development of the airport has benefited local businesses, including Cardno Young, and will continue to promote regional business growth - whilst providing improved local, national and international transport links.

Your Master Plan is bold yet sits well with the broader strategies for the evolution of Canberra as the nation's capital and a city of international significance.

On this basis Cardno Young supports Canberra Airport's vision and objectives as set out in its Preliminary Draft Master Plan.

In particular we are pleased to have been able to assist you in engineering innovative and sustainable solutions, as you strive to build a high quality facility to international standards. We hope to continue to do so.

We wish you well in gaining approval for your Master Plan.

Yours faithfully

*John Foster MIE Aust CPEng
Principal, Canberra Manager
for Cardno Young*
