**Subject:** RE: Canberra Airport Masterplan

Dear Stephen,

We confirm that we are in total support of the further development of the Canberra International Airport. Now is the time to address the very pertinent question of curfews and flight paths so that the frustrating but unavoidable situation Sydney Airport is confronted with doesn't occur in Canberra. One can only stand back and admire the fore-sight of you and your team in the establishment of the infrastructure developed and developing including the road access, Brindabella Business Park and of course the Airport itself. A very good thing for Canberra and surrounding areas which embraces a significant populace!!!

Best regards

*Andrew Gillies*
