

OBSTACLE APPLICATION FORM

The protection of the airspace 15kms around Canberra Airport is essential to ensure that we maintain a safe operating environment and to provide future growth for the Airport. The airspace around Canberra Airport is protected under the Commonwealth *Airports Act 1996* and the *Airports (Protection of Airspace) Regulations 1996*.

1. Proponent Details

Company:		Contact Name:	
Business email:		Contact Mobile:	
On-Site Contact Name:		On-Site Contact Mobile:	

2. Obstacle Details – **please report all heights in Australian Height Datum (AHD)*

Address of Activity:			
Latitude (South):		Longitude (East):	
Ground RL*:		Maximum Height*:	
Nature of Activity: <i>(i.e. crane operation)</i>		Obstacle Type: <i>(e.g. tower crane, mobile crane)</i>	
Operation Date/s: <i>(Start and Finish)</i>		Hours of Operation: <i>(Start and Finish)</i>	
Crane Radius/Jib Plan attached:	Yes <input type="checkbox"/>	No <input type="checkbox"/>	

Canberra Airport can only assess and confirm non-controlled activities (obstacles under the protected airspace).

If the information provided in Section 2 indicates that the obstacle will penetrate the protected airspace, the additional information in Section 3 will be required. On completion of our initial assessment, we will advise you if we require additional data in Section 3. Please note, penetrations into the protected airspace will require Canberra Airport to send the information to the relevant government departments for further assessment and approval. This process normally takes at least 6-8 weeks.

3 Additional Obstacle Information for a Controlled Activity

Canberra Airport's Aerodrome Reference Point (ARP) co-ordinates are: 351825S/1491142E

Magnetic bearing from the ARP:		
Distance from the ARP:		
Survey Map in PDF & CAD attached:	Yes <input type="checkbox"/>	No <input type="checkbox"/>
