

Airport Environment Policy

The Canberra Airport Board has established and continues to endorse the following Airport Environment Policy:

- Leadership and promotion of the commitment to sustainable environmental management to all stakeholders including employees, tenants, adjacent landholders, and the community at large;
- Compliance with relevant environmental legislation;
- Continual improvement of environmental management, consequences, and activities;
- Identification, prevention, control, and minimisation of environmental performance impacts associated with Airport operations;
- Integration of environmental issues with Airport operating procedures;
- Measurement, monitoring, reporting, and improvement of environmental issues arising from Airport operations;
- Sustainable management of resources;
- Appropriate management of matters of natural, Indigenous, and heritage values;
- Contribution to research on NTG and associated endangered species;
- Broad consultation with the community, government agencies, and other major stakeholders; and
- If pollution is discovered in soil or water across the airport site, the Airport will aim to remediate the pollution to acceptable regulatory limits.
